**"TenFour" Power Bank Charger, big on power** - If you want the absolute best in portable power bank chargers, this is it. We use a massively large premium grade lithium ion battery, with 10,400 mAh capacity, delivering 3.1 Amps charging power to recharge your devices much faster than a wall outlet. It has 3 USB outlets and can fully charge 3 devices at a time, with enough overall power to charge 6 cell phones, or 3 iPads before running out of power. We also give you built-in surge protection, and a heavy duty plastic case that dissipates heat quickly and prevents overheating. Capacity indicator lights show the remaining charge, and it's FCC, CE and Rosh Certified. Overall size is still small enough to travel easily: 2.8"L x 4.2"W x 0.9"D, and 8.8 oz. weight.
